WoodX Wpc Decking

The widest range of species with proven durability

Our own brand WoodX Decking is the most classic and valued by our customers who are looking for solidity, durability and a wide variety of colours.

WoodX Decking adapts to any space, blending in with the environment and providing a feeling of warmth, difficult to reach with other products. In Mediterranean climates, they have an excellent performance against solar overheating.

Technological/WPC decking

High-performance decking made to last

Choosing WoodX Laminates is choosing the experience and guarantee of one of the most recognized manufacturers in the market. With constant innovation in its products, WoodX Laminates offers an extensive range of outdoor decks with a diversity of colour tonalities, finishes and technical properties.

Leading manufacturer

WoodX Laminates is a leading manufacturer in addition to being a leader in research, development and marketing of high quality, low maintenance and long-lasting roof, railing and fence solutions.

Advanced color technology

Whichever WoodX colour you choose will remain intense, vibrant and naturally beautiful for many years.

Low maintenance

WoodX products maintain their colour and beauty for years without the need to paint, dye or seal and resist mold.

Durability

Our products are manufactured using a patented process that results in a uniform, superior and low maintenance material. We are so confident of its durability, that we offer a 10-year limited warranty for residential applications.
